N-Series, New Model Additions

March 2, 2018 – Rochester, New York, USA – ORMEC announces new models for N-Series Motors

ORMEC is pleased to announce the addition of several new models to the line-up of N-Series motors that includes motors on both ends of the Speed/Torque Curve.

On the lower continuous torque range, the NE-Model of motors adds capabilities ranging from 2.83 lb·in (.23 NM) to 42 lb·in (4.77NM) continuous torque. These motors, provide big performance in a small package includes specific models.

On the opposite end of the continuous torque spectrum, two new models are introduced, MAC-NB840C and MAC-NC1200C, (95.4 NM) and 1239 lb·in (140 NM) respectively.

Table 1 shows all currently available new N-Series Motor Part Numbers.

Part Number	Description
MAC-NE003B-KAB	N-SVMTR 3 in-lbs 200V Key Abs BRK
MAC-NE003B-KAN	N-SVMTR 3 in-lbs 200V Key Abs
MAC-NE006B-KAB	N-SVMTR 6 in-lbs 200V Key Abs BRK
MAC-NE006B-KAN	N-SVMTR 6 in-lbs 200V Key Abs
MAC-NE011B-KAB	N-SVMTR 11 in-lbs 200V Key Abs BRK
MAC-NE011B-KAN	N-SVMTR 11 in-lbs 200V Key Abs
MAC-NE021B-KAB	N-SVMTR 21 in-lbs 200V Key Abs BRK
MAC-NE021B-KAN	N-SVMTR 21 in-lbs 200V Key Abs
MAC-NE042B-KAB	N-SVMTR 42 in-lbs 200V Key Abs BRK
MAC-NE042B-KAN	N-SVMTR 42 in-lbs 200V Key Abs
MAC-NB840C-SAB	N-SVMTR 844 in-lbs 400V Str Abs BRK
MAC-NB840C-SAN	N-SVMTR 844 in-lbs 400V Str Abs
MAC-NB840C-S1B	N-SVMTR 844 in-lbs 400V Str Inc BRK
MAC-NB840C-S1N	N-SVMTR 844 in-lbs 400V Str Inc
MAC-NB840C-KAB	N-SVMTR 844 in-lbs 400V Key Abs BRK

About ORMEC

ORMEC's industry experts provide motion control solutions in the aerospace, automotive, energy, medical, pharmaceutical, food and beverage, textile, paper, packaging, metal forming and converting industries. Our systems excel in the most demanding applications including packaging, converting, labeling, web and material handling, as well as general assembly and winding.

Our highly reliable motion control solutions integrate motion controllers, logic control, servo drives, servo motors, linear motors, actuators, HMIs, and I/O into cost-effective factory automation solutions. ORMEC provides application expertise and systems solutions for all types of motion control challenges and offers a team of Systems and Applications Engineers with over 80 years of motion control experience. The company continues to be a leader in the development of motion control solutions and technology, including being the first to introduce an industrial motion control system using a high-speed FireWire network.
