Purpose:
To announce Underwriters Laboratory listing of Generation III Model 20 and 40 controllers as Recognized Components and to provide information on how to comply with U.L. installation requirements.

Identification:
Listed units can be identified by the Underwriters Laboratory trade mark sticker shown below.

Documentation:
To comply with U.L's requirements for listing, ORMEC is required to provide customers with the following specifications for the power input terminal block on the Generation III controller.

<table>
<thead>
<tr>
<th>Terminal Block</th>
<th>Wire</th>
<th>Max. Gauge</th>
<th>Temp. Rating</th>
<th>Material</th>
</tr>
</thead>
<tbody>
<tr>
<td>TB1</td>
<td>5 in.-lbs.</td>
<td>10 AWG</td>
<td>80°C</td>
<td>Copper</td>
</tr>
<tr>
<td>TB2 - TB6</td>
<td>5 in.-lbs.</td>
<td>12 AWG</td>
<td>80°C</td>
<td>Copper</td>
</tr>
</tbody>
</table>

Product Model Numbers:
All Model 20 and Model 40 Motion Controllers (ORMEC part numbers GN3-20 and GN3-40 respectively) with a v2.2a or later suffix to their Model Number, and the UL symbol shown above,
are recognized under the Component Program of Underwriters Laboratories Inc.

**Upgrades:**

Some units manufactured prior to v2.2a may be upgradable to meet U.L. requirements. Contact ORMEC Service Department for more information.
